Nevada.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Sandrock and Millard, practical plumbers and gasfitters, have opened a shop in Dick Mills' old stand South Carson St., and propose to do all work in their line at prices so low that you don't have to mortgage your property to pay them. Stoves and ranges and all kinds of tinware on hand, at very reasonable rates. Razors and scissors sharpened. j31tf.

For the next 30 days a reduction of 10 to 20 per cent. on every price of goods at Golden's to reduce the immense stock of goods on hand. Call and secure bargains. m6

## ALL SORTS.

John Mackey has been getting to Bonyng's collar in the Paris Police Court.

Miller & Co. have a carload of furniture on hand, which they will sell for 30 days cheaper than ever sold in Carson. a175t

Wade King has been watching Blaine's diplomatic duel with Rudini and announces that he is his choice for President.

Rumor has it that Stanley would give his right hand to get rid of his mother-in-law, but for all that, Abe Cohn is selling spring suits lower than ever.

Hy. Doane is wrestling with the intricacies of the Australian ballot law and getting up a ticket for the printer. He has already written to Dr. Thoma to secure him a padded room at the Asylum.

The dispatches say that Miss Mary Anderson has been delivered of a baby in London, but the press report was so flustered that he didn't stop to get the sex of the infant or the name of the father.

A pugilist who signs himself "the Dude" writes to the APPEAL that he will fight any 122 lb. pug in the State. His address is A. L. box 7 Examiner office. The party is probably Charlie Rochette.

Few people can form a definite idea of what is involved in the expression, "an inch of rain." It may aid such to follow this curious calculation. An acre is equal to 6,272,640 square inches; an inch deep of water on this acre will be as many cubic inches of water, which, at 2.27 to the gallon, is 22,000 gallons. This immense quantity of water will weigh 220,000 pounds, or 100 tons. One hundredth of an inch (0.01) alone is equal to one ton of water to the acre.

## Newspaper Thieves.

Whenever newspaper thieves begin to steal the APPEAL off door steps, it is a sure sign that the paper is being run up to the handle.

Within the last week or so our regular city subscribers have flooded the office with complaints. Some say they have often heard the paper fall with a heavy thud on the front step and ten minutes later no trace can be found of it.

There has always been a class of people in Carson who would rather steal a newspaper than subscribe for it.

During the past week about six cases of petty larceny have been reported to this office daily. The APPEAL will pay \$10. for information which will lead to the conviction of these wretches.

## O. E. S. Meeting Notice.

## INSTRUCTIONS TO ASSESSORS.

OFFICE OF  
STATE BOARD OF ASSESSORS  
AND EQUALIZATION.

CARSON CITY, APRIL 3, 1891.

To the Assessors and Commissioners of the several counties of this State—GENTLEMEN:

With the prescribed forms herewith enclosed, the Board desires to present a few suggestions and instructions to assist you in your assessing, and in making your equalization thereon.

The first and most important part of your duty will be a just and equitable assessment of all property within your county in strict compliance with the law, and bearing in mind that the term "full cash value" means the amount at which the property would be appraised if taken in payment of a just debt due from a solvent debtor. You will, of course, exercise your very best judgment in fixing the value of the several classes of property, regardless of any former assessment. In assessing live stock it is the desire of the Board that you should classify such stock, to-wit: Thoroughbred, graded, American common, etc., and fix the value of each grade.

If the Assessors and Commissioners perform their full duty, under the law, it will result in a very material enhancement in value of the aggregate property of the State and will not necessarily affect the taxpayer, inasmuch as the rate of assessment will be lowered in proportion.

Your particular attention is directed to the fact that Section 1 of the new Revenue Law, approved March 23, 1891, copies of which have been mailed you, lowers the State tax rate seventy-five cents on the one hundred dollars, and you are instructed to conform thereto. You will also notice that said law affixes a penalty for any lack of duty on the part of Assessors; therefore, be diligent in ascertaining all property within your respective counties subject to taxation, and you will thus greatly aid the State Board in its duties.

## COAST NEWS.

Practical jokers at Merced have driven Thomas Kable, a simple-minded fellow, into insanity.

The testimony for the prosecution in the Olsen case at Merced is nearly all in, and is believed will be insufficient to convict.

The ship Emblenton, from Androsan, Scotland, has reached Tacoma after a voyage of 641 days. The trip is usually made in five months by a sailing vessel.

The accounts of T. O. Owens, Tax Collector of the Modesto Irrigation district, are \$2,245 short. He left Modesto on the 4th and has not been heard from since.

The Chinamen arrested at Watsonville for loitering within the city limits in violation of an ordinance passed at the last meeting of the City Council will contest the legality of the ordinance.

H. Allen has been arrested at Tacoma for the reported wholesale robbery and sale of Northern Pacific property. He is said to be the head of a conspiracy of Tacoma, Seattle and Portland employes to rob the freight depots and box cars, and sell the plunder.

The Indian who killed William Hull and nephew near Eagle Rock, Idaho, has been killed. His death was reported to the Indians as a suicide, but the Indians finally found out that he was killed and are becoming very warlike, and the settlers are coming into Eagle Rock for fear the Indians will murder all the white people.

The Downieville Mountain Messenger under Forest City items says: A pure white jack rabbit was shot by Mr. Baker last Monday. T. Rowland saw it a year ago. It was seen again the day before gravel was struck in the extension. It was jumping up and down just over the place where the gravel was found. Mr. Baker shot four times before it was killed. Some thought it was a fairy—others, a sign of bad luck. T. Davis said he didn't know whether it was a good or bad sign, but he knew it was good eating—he had it for dinner.

Man with red hair at one end of table and a painter at the other. Seven wins, and man with inflammatory hair reaches for them.

"That's mine!" Is heard from the other end of the table.

"Your a liar."

"Your a —."

Both repair to the rear of the building, without seconds, and go at it hammer and tongs, resulting in the painter receiving a variegated eye, man with flaming hair escaped injury.
